Keep this Guide!

2 Easy Steps To Get Your AeroGarden Up and Growing

1. Set Bowl into Base

   Make sure that bowl is securely seated in Base and that Grow Deck is properly aligned on Bowl.

2. Plug Pump Power Cord into Base

   Make sure that Pump power cord is plugged into the connector at the back of the base.

How to Raise and Lower the Light Hood

To raise and lower the Light Hood, wrap one hand around the bottom of the Light Post just above the Grow Deck and grasp the upper part of the Light Post with your other hand. Push up to raise the Light Hood or push down to lower the Light Hood. The Light Post will move up or down a notch at a time with a little pressure, or you can move it up or down several notches at a time with more pressure.

When planting a new Seed Pod Kit, the Light Hood should be set to the lowest possible position. For instructions and tips about when to raise (or not to raise) the Light Hood, refer to Gardening Tips (on flip side) and/or Seed Pod Kit Instruction booklet included with each seed kit.

CONGRATULATIONS! Your garden is ready to grow. It really is that easy!

For more details on planting, growing and harvesting your AeroGarden, please turn the page.
1. **Add Water**

   - Add water to “Fill to line” indicator located under the Water Port flap.
   - Use room temperature tap water or bottled distilled water.
   - Do not use well water which may interfere with our nutrients, or industrial water.

2. **Add Nutrients**

   - Nutrition instructions are posted on the packaging, as well as in the Seed Pod Kit instruction booklet. Read and follow the instructions carefully!
   - Use only the recommended amount of Liquid Nutrient.

   - **Do not add directly into Grow Deck** when printing is visible or do not have Seed Pod an Plants in your garden.

   - **Too much nutrient may be harmful to your plants.**

3. **Add Seed Pods & Grow Domes**

   - **Insert Seed Pods into openings in Grow Deck.**

   - **Seed Pod Labels** often identify plant height to assist with placement.

   - Plants grow best and look best if medium or tall plants are in back openings, and short plants are in front openings.

   - **Plant Spacers and Plant Pods** often include both Seed Pods and Plant Spacers. Plant Spacers allow your Tomato/Pepper plants to grow more vertically.

   - **Do not remove Labels from Seed Pods.** The labels identify the plant type and plant height, show the germination time, and other growing tips.

   - **Place a Grow Dome over each Seed Pod.**

   - ** Grow Domes not on Seed Pods and may not ‘snap’ into place. Also, it is not necessary for Grow Domes to be removed.**

   - **Leaves Grow Domes on the Seed Pods until plants have sprouted and have had enough light to grow.

   - **Once removed Grow Domes may be reused/recycled.**

4. **Plug In**

   - **Plug power cord into electrical outlet and follow LCD Screen instructions.**

   - **Hello! Press OK** to begin your garden.

   - **Menu**

     * Use the Up/Down directional arrows to scroll between settings and to adjust time.

     * **Press OK/Menu after adding nutrients to reset the “Add Nutrients” timer.**

   - **To Start**

     * Press OK/Menu to start the pump. To test the pump:

       * **Test Pump**

     * **Click “OK/Menu” again to start the pump.**

   - **For Harvest/Harvest Elite:**

     * **Plants love light. Always keep your Grow Lights as close to your plants as possible.**

     * **Plants should be 1-2 inches below lights.**

     * **Always keep “OK/Menu” to turn on/off lights.**

   - **Plants grow best** when water gets low, best results are achieved by topping off water regularly – before the Add Water indicator activates.

5. **What Aerogarden Will Do**

   - **1 year limited warranty** on materials and labor (excluding fuel cells and CO2 dispensors) as long as your AeroGarden is used properly.

   - **Includes all normal cosmetic and design changes.**

   - **WHAT IS COVERED**

     - The warranty period for your product, or the warranty period for the product covered by this warranty, is “1 Year” from the date of purchase, dated on your receipt, which serves as evidence of purchase. The warranty period for replacement parts is 90 days after the AeroGarden is returned to AeroGrow. The warranty period for replacement parts is 90 days after the AeroGarden is returned to AeroGrow.

   - **WHAT IS NOT COVERED**

     - This warranty shall not apply to products arising from: Swedish failure, failure to adhere to enclosed operating instructions; individual numbers of products if the serial number has been removed or defaced; products subject to accident, improper use, maintenance or storage; products damaged by improper storage, improper handling, lack of reasonable care or damage caused by shipping, improper installation or repairs made by anyone other than AeroGrow, Inc., or its dealers. This warranty excludes all implied warranties of merchantability and non-infringement.

   - **WHAT AEROGROW WILL DO**

     - AeroGrow International, Inc., at its option, will repair or replace, or refund the cost of your AeroGarden to the extent required to correct any defects that exist in materials and workmanship. Any product returned to AeroGrow will be subject to a $25.00 disposal, shipping and handling fee. For more information regarding returns, please see the Return Policy section of www.AeroGardens.com.

   - **WHAT IS NOT COVERED**

     - Warranty does not cover any AeroGarden that has been altered or modified in any way. It also does not cover AeroGarden that is a model not currently being manufactured, or that is in the middle of a model update.
